

## **Acknowledgement**

Our ambitious extra-curricular activities program owes its success to the energy and enthusiasm of the hundreds of participating students and their parents.

These individuals devote countless hours to the well-being of our community as participants and spectators. Of course, we all appreciate the efforts of our advisors and coaches, without whom none of these activities would be possible.

A special thanks to our very active Dryden Recreation Program, D.A.R.T. Swim Program, and many other community groups that support our programs in many important ways. Thank you all very much.

## **Extra-Curricular Program Offerings**

***Something For Everyone!***

Dear Parents and Students:

The Dryden Middle School is very pleased to offer an array of extra-curricular activities for our students. A strong, well organized, and meaningful extra-curricular program will allow students to have fun, interact with fellow students, face challenges, and enhance life and career skills.

All of us here at Dryden Middle School feel that our extra-curricular programming plays an important role in the development of happy, healthy, and responsible young adults.

Please join us in encouraging your children to participate in any program that would be of interest to them.

Feel free to contact any of the advisors or coaches if you have any questions or desire further information.

Sincerely,

The Entire M.S. Faculty and Staff
