

**ARP-ESSER Application: Part 2 - ARP Act**

Introduction/Instructions - Summary & Background

---

Page Last Modified: 07/23/2021

**Summary & Background**

DRYDEN CSD

610301060000

SUMMARY & BACKGROUND

On March 11, 2021, the President signed into law the American Rescue Plan Act of 2021 (ARP). ARP makes available \$122.8 billion nationally in a third round of Elementary and Secondary School Emergency Relief (ESSER) funds. New York State has been allocated nearly \$9 billion under the ARP Act's Elementary and Secondary School Emergency Relief (ESSER) Fund. The ARP Act requires that a minimum of \$8.09 billion (90 percent) be allocated to LEAs, including charter schools and Special Act School Districts that are LEAs. Pursuant to the terms of the ARP Act, LEA allocations have been calculated using the relative shares of grants awarded under Title I, Part A of the ESEA for the most recent federal fiscal year (2020). Each eligible LEA's ARP-ESSER allocation may be found [HERE](#).

Under section 2001(d)(2) of ARP Act of 2021, each State Educational Agency (SEA) must make ARP-ESSER allocations to LEAs in an expedited and timely manner and, to the extent practicable, not later than 60 days after the SEA receives its ARP-ESSER funds. The first portion of ARP-ESSER Funds was awarded to states on March 24, 2021, and 60 days from that day is May 24, 2021. The U.S. Department of Education (USDE) has taken the position that an SEA makes allocations when it authorizes the LEA to begin to obligate funds in accordance with its needs. To enable New York State's LEAs to begin to obligate ARP-ESSER funds by USDE's May 24, 2021 deadline, the application for LEA 90% base ARP-ESSER allocations is being administered by NYSED as a two-part application process:

- ARP-ESSER Application – Part 1
- ARP-ESSER Application – Part 2

The ARP Act requires LEAs to reserve at least 20% of their 90% ARP-ESSER allocation to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs, and ensure that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of the coronavirus on economically disadvantaged students, children with disabilities, English learners, racial and ethnic minorities, migrant students, students experiencing homelessness, and children and youth in foster care. For your information, the minimum 20% reservation for each LEA may be found [HERE](#).

Project Period

March 13, 2020 to September 30, 2024 to obligate funds. Funds must be fully liquidated by October 31, 2024.

Project Number

The project number stem for the program is:

ESSER: 5880 - 21 - XXXX

This number should be used on the appropriate FS-10 budget form.

Submission Deadline

Completed applications are due by August 31, 2021 (with extensions by request), and will be reviewed on a rolling basis.

Please note that applications must be submitted and fully approved by no later than March 23, 2022. LEAs that have not been issued a Grant Award Notice by that time will be at risk of having their ARP-ESSER allocation returned to the United States Department of Education.

APPLICATION PROCESS FOR LEA ALLOCATIONS OF ARP-ESSER SEA RESERVE FUNDS

The federal ARP statute requires SEAs to reserve:

- not less than 5 percent of the total amount of grant funds awarded to the State (\$449.4 million) to carry out activities to address the impact of lost instructional time by supporting the implementation of evidence-based interventions;
- not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based summer enrichment programs; and
- not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based comprehensive afterschool programs.

The 2021-22 enacted state budget directs that these required SEA set-asides be allocated as grants to specified school districts. Each eligible district's allocation of SEA reserve funds may be found [HERE](#). NYSED will inform school districts under separate cover when the application process for school district allocations of ARP-ESSER SEA set-aside funds has been published in the SED Monitoring and Vendor Reporting System. This application is only for LEA 90% base ARP-ESSER allocations. LEAs should not apply for ARP ESSER SEA Reserve funds as part of this application.

**Submission Instructions**

DRYDEN CSD

610301060000

Directions for Submitting the Application:

- The online application may only be submitted/certified by the chief school officer of the applicant LEA. The designated superintendent (public school LEAs), and the chief executive officer, board of trustees president, or school employee designated by the board of trustees (charter school LEAs) are the only administrators with the submit/certify rights necessary to successfully submit and certify a completed application for NYSED review.

**ARP-ESSER LEA Base 90% Allocation - Intent to Apply**

DRYDEN CSD

610301060000

- 1. **Does the LEA intend to apply for American Rescue Plan (ARP) Act - Elementary and Secondary School Emergency Relief (ESSER) LEA Base 90% funding?**

Yes, the LEA intends to apply for Elementary and Secondary School Emergency Relief (ESSER) funding.

- 2. **Please provide contact information for the LEA Business Official and Board President. Please confirm that each individual has reviewed and approved of the application, including all plan descriptions and use of funds.**

	Name	Email Address	Date of Final Review/ Approval
LEA Business Official	Jennifer Case	jc case2@dryden.k12.ny.us	1/27/2022
LEA Board President	Heather Williams	hwillia1@dryden.k12.ny.us	1/27/2022

**ARP-ESSER Allocation - Construction-Related Costs**

- 3. **Does the LEA intend to use American Rescue Plan (ARP) Act - Elementary and Secondary School Emergency Relief (ESSER) LEA Base 90% funding for construction-related expenditures?**

No, the LEA does not intend to use American Rescue Plan (ARP) Act - Elementary and Secondary School Emergency Relief (ESSER) funding for construction-related expenditures.

DRYDEN CSD

610301060000

Title VIII of Division B of the CARES Act directs the Department to carry out the Education Stabilization Fund, of which the ARP ESSER funds are a part. Section 2001 of the ARP Act provides for the Department to make grants to each SEA from the ARP ESSER funds. An SEA must allocate at least 90 percent of its ARP ESSER grant funds to its LEAs (including charter schools that are LEAs) in the State in the same proportion that the LEAs received under part A of title I of the ESEA in Fiscal Year 2020, as required by section 2001(d)(1) of the ARP Act; and section 2001(e) of the ARP Act prescribes certain mandatory and permissive uses of LEAs' funds. Under 20 U.S.C. 1221e-3, the Secretary has the authority to promulgate rules governing the programs administered by the Department. Under this requirement, each LEA that receives ARP ESSER funds must develop, submit to the SEA on a reasonable timeline determined by the SEA, and make publicly available on the LEA's website, a plan for the LEA's use of ARP ESSER funds. The plan - known as the LEA ARP ESSER Plan - and any revisions to the plan submitted consistent with procedures established by the SEA, must include a description of key activities which are required below.

NYSED will consider each LEA's application for its base 90% ARP-ESSER allocation as meeting the USDE LEA ARP-ESSER use of funds plan requirement, provided the required elements of the plan are fully addressed in the LEA's application, combined with a budget, and then publicly posted after being developed with public input.

An LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.

Each LEA's ARP ESSER plan must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

**1. In the space provided below, please describe how the LEA meaningfully engaged a diverse and representative set of the applicable stakeholders in developing a plan to use these funds and implementing that plan.**

This plan is based on our district strategic plan which is reviewed and updated annually by a representative group of stakeholders including administration, teachers, parents, and our Board of Education. In addition to the guidance provided by the district's goals and core values, an open forum was held in July 2021 for our entire community where plans for after school and summer programming were discussed. This discussion began with an overview of the results of our ThoughtExchange survey which was sent to all members of the Dryden Community and made available through a direct link on our district website and through several social media sites. The survey consisted of a single question asking, "As we prepare for the next school year, what are the most important academic, social emotional, and/or mental health supports for schools to provide to serve all students (i.e., general education students, students with disabilities, English language learners, and others)?" The forum included the initial draft for the use of our grant funds, as well as how these funds would be used in conjunction with other federal funding sources. A copy of this presentation, which included survey results, was posted on our district website for further public comment.

In order to continue to engage stakeholders in this plan, public meetings with the Superintendent will be held approximately every six weeks to review current COVID issues and the use of federal funds to address these issues. The grant expenditures and planned future expenses will also be reviewed at our yearly Community Federal Funding meetings.

**2. In the space provided below, please provide the URL for the website(s) where the LEA ARP-ESSER Plan is/will be publicly posted. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

LEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information

---

Page Last Modified: 12/29/2021

**ARP-ESSER LEA Base 90% Allocation - Program Information**

3. **In the space provided below, please describe the extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning.**

Funds will be utilized to provide additional support staff, as well as overtime pay, for support staff responsible for cleaning and maintenance of our school buildings in order to mitigate the spread of COVID-19. We will also pay our school nurses overtime to facilitate contact tracing and other duties needed to control and track the spread of COVID-19. We will upgrade our building windows to improve ventilation. We will purchase technology to facilitate distance learning including devices, chargers and headsets. We will purchase several small portable PA systems to facilitate activities in large spaces. We will purchase fire-proof storage for hand sanitizer. We will purchase paper products for use in the sanitary delivery of school meals to classrooms and to students who are learning remotely.

4. **In the space provided below, please describe the data that the LEA will use to identify student needs and monitor student progress as a result of planned interventions and supports.**

Student academic needs will be evaluated using district benchmarking assessments (Renaissance Star, DIBLES, Scholastic Reading Inventory, and teacher created math fluency assessments). These assessments will be used three times per year to monitor progress for all students. In addition, students who receive additional academic intervention services will be monitored every 2-4 weeks with tools specific to the skills they are working on in order to determine the effectiveness of these interventions. At each building teams of administrators, school counselors, and social workers meet weekly to discuss specific student needs and make plans for interventions for students who are struggling with attendance, who have high social and emotional needs, or are suffering from trauma. Social-emotional surveys are administered to all students in grades 6-12 three times per year to screen for student well-being and to inform district leaders on the efficacy of school wide Tier-1 SEL interventions.

5. **In the space provided below, please describe how the LEA will use the funds it reserves under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year.**

For students in Kindergarten through Fifth grade, we will provide a six-week summer program in the summer of 2022 and 2023. Students who are struggling academically and/or socially will be invited to participate in educational and health related activities. At the Middle School and High School we will host an after school tutoring program to help students in their current academics, as well as offering formal credit recovery classes to students who are behind in the credits needed for graduation. In order to close achievement gaps in reading within the regular school day, we will invest in upgrading our current literacy program at the elementary level and building our capacity for progress monitoring at the Middle School. Teachers will be provided with training and support in these instructional activities through the use of a Literacy Coach provided by The Reading League. We will also invest in an online learning platform for all students in grades 6-12 that will be used as part of our tutoring program to facilitate remote learning and credit recovery.

6. **In the space provided below, please describe how the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) - the allowable uses of funds - of the ARP Act.**

Additional funds will be spent to replace mathematics materials that were sent home during the pandemic and not returned. We will also set aside funds for elementary age homeless students to participate in before, and after school, child care programs.

**ARP-ESSER Application: Part 2 - ARP Act**

LEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information

---

Page Last Modified: 12/29/2021

7. **In the space provided below, please describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.**

Student success will be evaluated using district benchmarking assessments (Renaissance Star, DIBLES, Scholastic Reading Inventory, and teacher created math fluency assessments) which are administered three times per year. Social-emotional surveys are administered to all students in grades 6-12 three times per year to screen for student well-being and to inform district leaders on the efficacy of school wide Tier-1 SEL interventions. The district Leadership Team will also monitor attendance, discipline referrals, and progress toward graduation by cohort. We are able to disaggregate these data by ethnicity, disability, economic need, English proficiency, and other special groups. These data will be monitored by the district Leadership Team as part of our strategic plan and shared with the community and Board of Education on a regular basis.

**ARP-ESSER Application: Part 2 - ARP Act**

LEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction

---

Page Last Modified: 12/06/2021

**ARP-ESSER Return to In-Person Instruction**

DRYDEN CSD

610301060000

Section 2001(i)(1) of the ARP Act requires each LEA that receives ARP ESSER funds to develop and make publicly available on the LEA's website, not later than 30 days after receiving ARP ESSER funds, a plan for the safe return to in-person instruction and continuity of services for all schools, including those that have already returned to in-person instruction. Section 2001(i)(2) of the ARP Act further requires that the LEA seek public comment on the plan and take those comments into account in the development of the plan. Finally, section 2001(i)(3) of the ARP Act states that an LEA that developed a plan for the safe return to in-person instruction and continuity of services prior to the date of enactment of the ARP Act will be deemed to have met the requirement to develop a plan under section 2001(i)(1) as long as the plan meets the statutory requirements (i.e., is publicly available on the LEA's website and was developed after the LEA sought and took into account public comment).

The LEA's plan must include how it will maintain the health and safety of students, educators, and other school and LEA staff and a description of any policies it has adopted regarding each of the CDC's safety recommendations, including universal and correct wearing of masks; modifying facilities to allow for physical distancing (e.g., use of cohorts/podding); handwashing and respiratory etiquette; cleaning and maintaining healthy facilities, including improving ventilation; contact tracing in combination with isolation and quarantine in collaboration with the State, local, territorial, or the health departments of Native American Nations; diagnostic and screening testing; efforts to provide vaccinations to school communities; appropriate accommodations for children with disabilities with respect to health and safety policies; and coordination with State and local health officials.

The plan must describe how the LEA will ensure continuity of services, including but not limited to services to address students' academic needs and the social, emotional, mental health and other needs of students and staff, which may include student health and food services.

LEA plans must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

NYSED will permit previously developed LEA re-opening plans to satisfy the ARP statutory requirement for the safe return to in-person instruction and continuity of services. LEAs must make any necessary updates to existing plans to conform with the USDE requirements within 30 days of receipt of ARP-ESSER funds and to review (and revise if appropriate) plans every six months thereafter (until September 30, 2023).

- 1. In the space provided below, please provide the URL for the website(s) where the district's most current re-opening/return to in-person learning plan is/will be located. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

LEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction

---

Page Last Modified: 12/06/2021

2. **An LEA must periodically, but no less frequently than every six months (through September 30, 2023), review and, as appropriate, revise its plan. Consistent with section 2001(i)(2) of the ARP Act, which requires an LEA to seek public comment on the development of its plan, an LEA must seek public input and take such input into account in determining whether to revise its plan and, if it determines revisions are necessary, on the revisions it makes to its plan, i.e., the LEA must seek public input on whether to revise its plan and on any revisions to its plan no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools). If the LEA revises its plan, the revised plan must address each of the aspects of safety currently recommended by the CDC or, if the CDC has updated its safety recommendations at the time the LEA is revising its plan, each of the updated safety recommendations.**

**In the space provided below, please describe how the LEA will review and regularly update (at least every six months through September 30, 2023) it's plan for in-person instruction, including a description of how public comment will be collected.**

Every five weeks, the Superintendent will review our plan for in-person instruction with the district Leadership Team and share the results of the review with our school community via email and social media. The Superintendent will also hold regular live meetings that are open to the community to discuss the plan and any changes that may need to be made.
